

PastPerfect Version 5.0

PastPerfect is the affordable, integrated software that encompasses every aspect of collections and contacts management.

PastPerfect allows you to catalog any size collection – from a few hundred items to over three million. Our software helps you automate the accession process, cataloging, condition reporting, repatriation, exhibits and loans. Time-saving features such as authority files, programmable function keys, drop-down menus, and default records facilitate efficient and consistent data entry. PastPerfect conforms to the latest standards for cataloging archive, library, historic object, art object, natural history, archaeology, and photograph collections. With easy-to-use research tools, lists management, over 300 customizable reports and Report Maker, the program gives you full access to your data.

PastPerfect has built-in contacts management and fundraising tools. You will be able to track membership dues, pledges, donations, in-kind gifts, and volunteer activities. The Contact Lists feature enables you to create and manage targeted lists which can be used for mail merge letters, emails, reports, and exports to Excel.

Our add-on products offer more great features and provide industry-leading services:

- MultiMedia enables attaching digital images and linking multimedia files to records.
- Networking facilitates multiple people working simultaneously.
- Virtual Exhibit and PastPerfect-Online allow you to share your collections online.
- Training CDs and Annual Support help you get the most out of your program.

	Standard Price	AASLH Price
