

Version 4.0 Upgrade for PASTPERFECT

PastPerfect is still the most affordable integrated software package that encompasses every aspect of collections management.

Now PastPerfect is even more comprehensive and user friendly! With more features and an integrated approach to collections, membership, and fundraising, this is the one software package that can transform your organization and put the power of a relational database at your fingertips.

New fields and screens help catalog archaeology, art, geology, music, natural history, and oral history collections.

More Custom Fields allow you to tailor our database to meet your organization's record keeping needs.

Integrated Campaigns and Fundraising modules help your organization track the physical, financial, and human assets. It allows you to track capital campaigns, fund raising events, and **every aspect of membership coordination**, including: renewals, dues, receipts, pledges, and volunteer hours.

Bulk email your newsletters and correspondence with the new email utilities to reduce traditional mailing costs.

WordRite is the new full-function word processor that helps you create and print mail-merge letters quickly and easily. When you generate letters through PastPerfect, you will be able to automatically merge information contained in PastPerfect's data fields into your mailings. WordRite gives you stylish, professional and personalized correspondence with mail-merge efficiency.

The new Multi-Media Upgrade option gives you the power to attach and display audio, video, digital images, MS-Word documents, Excel spreadsheets, PDF's, and URL web links to each catalog record. Our easy-to-use Wizard helps you attach and use multi-media links. You can even **watermark your images** for added digital asset security.

More New Features:

- Find by any field using the enhanced Find feature.
- Search by more fields and save queries that can be accessed later using the new research functions.
- View Dublin Core elements in XML from catalog screens and directly access AAT and ULAN Online.
- Use new fields in Contacts to track birthdays, education, skill sets, nicknames, etc.
- Email members directly from PastPerfect and track your correspondence with the contact log.
- Track fundraising campaigns using the new campaign section of PastPerfect and attach spreadsheets directly to your activities.
- Manage your work force using the TO DO List and keep track of things that still need to be done!
- Backup directly to CD without disk formatting to ensure your data is safe for years to come.
- Synchronize two computers with a comprehensive and easy-to-use Scatter/Gather upgrade.

With the new optional Multi-Media Package:

- Attach video, audio, Word, Excel, large image, PDF and HTML files.
- Add watermarks to images for improved copyright protection.
- Modify your images to meet your needs with enhanced image management.
- Attach images to exhibits and biography records for better record keeping.

And Much, Much More!
